

Chairo Christian School

Enrolment Policy

Policy Number: ENR-001.04

Adopted: 21/09/2006

Last Amended: February 2016

Next Review: February 2018

1. Preamble

- 1.1. Chairo is a non-denominational Christian school conducted in accordance with the doctrines, tenets, beliefs and teachings of the Christian faith. The School's foundational statements regarding Christian beliefs and Christian education are contained in the *Articles of Faith* within the *Statement of Rules*.
- 1.2. Chairo seeks to support Christian parents/guardians (Galatians 6:10) in their task of nurturing and training their children in God's ways (Ephesians 6:4). The School also seeks to support non-Christian parents/guardians who are supportive of the Christian identity and ethos of the School and desire a Christian education for their children.
- 1.3. Chairo's mission is to "provide excellence in Christ-centred education in partnership with families within a caring Christian community". As such, the School seeks to maintain a predominantly Christian community and to provide an environment in which the beliefs and values of Christian families are supported in the context of a thoroughly and distinctively Christian education.
- 1.4. Chairo's vision, in part, is to "maintain an uncompromising biblical foundation, and Christian stand and perspective, in all endeavours of the Association", and to "serve families by providing accessible Christ-centred education, whilst ensuring that control remains in the hands of Christian parents".
- 1.5. The purpose of this policy is to establish clear objectives and parameters in relation to the enrolment of students and therefore facilitate informed and consistent decisions and procedures.
- 1.6. The School is committed to observing relevant legislation, including the *Education and Training Reform Act (2006)*, the *Disability Discrimination Act (1992)* and the *Disability Standards for Education (2005)*.

2. Definitions

- 2.1. *The Association* refers to the Warragul District Parent Controlled Christian School Association Inc.
- 2.2. For enrolment purposes, a *Christian family* is defined as a family where at least one parent/guardian:
 - is able to make a credible personal profession of faith as a Bible-believing Christian; and
 - agrees with and adheres to (ie. in belief and practice) the *Articles of Faith* as contained in the *Statement of Rules* of the Association; and
 - regularly attends a church/fellowship that has doctrinal beliefs which are assessed by the Executive Leadership Team and Senior Chaplain to be substantially consistent with the *Articles of Faith* as contained in the *Statement of Rules* of the Association; and
 - is willing and able to provide upon request a reference from the pastor/minister of a regularly attended church/fellowship, or relevant contact details for referee check purposes.

3. Details

- 3.1. All families are expected to support the ethos of the School, as reflected in the *Statement of Rules* and in various policy and procedure documents.
- 3.2. All parents and students are expected to abide by the *Statement of Rules* and all policies.

Chairo Christian School

- 3.3. In order to fulfil its stated mission and objectives, and to maintain a predominantly Christian community, the School desires to achieve and maintain a minimum level of 75% of students from Christian families enrolled across the School in each year level.
- 3.4. Where a campus has not established the desired minimum level of 75% of students from Christian families, the Board may establish an individual campus strategy - taking into account factors such as area demographics, culture, viability and stages of campus development – in order to work towards such goal over a period of time.
- 3.5. While Chairo seeks to have enrolment open to all, the ability to enrol new students in particular classes and/or year levels may be limited by:
 - the physical numbers of currently enrolled students; or
 - the desire to maintain a predominantly Christian community; or
 - the resources available to cater for the educational needs of students.
- 3.6. Enrolments may be declined, regardless of the availability of places and the relevant classes and/or year levels, in situations where:
 - reports from a previous school indicate student behaviour that is clearly incompatible with Chairo's expectations; or
 - there are indications that the parents are not committed to partnering with the School by supporting Chairo's purposes, ethos, values, principles and Christian foundations; or
 - it is determined that the School is unable to provide adequate resources, initially and/or for the duration of likely attendance, for the educational needs of a student.
- 3.7. In considering enrolment applications in relation to a prospective student with a disability, the Executive Principal shall have regard to:
 - the prospective student's disability;
 - whether reasonable adjustments can be made and the effect of the proposed adjustment/s on the student;
 - whether reasonable adjustments can be made and the effect of the proposed adjustment/s on the school, staff members and other students;
 - whether the proposed adjustment/s might pose an unjustifiable hardship to the school, including the financial expenditure required to implement the proposed adjustment/s; and
 - any expert information that the Executive Principal may deem beneficial in making a determination.
- 3.8. Before making a final decision in relation to the enrolment of a prospective student with a disability, the Executive Principal or their delegate shall consult with the parents or guardians. After consideration of the points outlined in item 3.7 above, and following consultation with the parents or guardians of the child, the decision whether or not to accept such enrolment application shall be at the sole discretion of the Executive Principal.
- 3.9. Where places or resources are limited and/or waiting lists are established, applications for enrolment may be prioritised at the discretion of the Executive Principal, with preference for enrolment being given where the application meets one or more of the following criteria:
 - From a family where at least one parent or guardian is a full member of the Association
 - From a Christian family

Chairo Christian School

- For a student who is able to give a credible testimony of his or her personal Christian faith
 - For a student seeking to re-enrol after being given priority when departing
 - For a whole family enrolment (ie. all school-aged children)
 - For a sibling of a current student
 - For a sibling or a child of a past student
 - From a family that is expected to be able to meet all fees and charges as they fall due
- 3.10. Where places are limited and/or waiting lists are established, and two or more applications are received from families meeting identical criteria, the earliest dated applications will take precedence.
- 3.11. There are five main entry points for students into the School, being Kindergarten, Prep, Year 5, Year 7 and Year 9. When assessing whether a place can be offered at other levels, the need to accommodate future enrolments meeting enrolment criteria at the next main entry point will be a consideration.
- 3.12. Generally students are best to be enrolled from the start of a year. To minimise disruption to current classes and allow for the change of class structures if necessary, the School may elect to defer students seeking enrolment during a term to a start date at the beginning of a semester or year.
- 3.13. The enrolment process shall follow established practices and procedures designed to ensure that enrolments are processed as quickly and efficiently as possible.
- 3.14. The School does not expect that all families that commence the enrolment process will complete it and families should not assume that an enrolment application will be successful.
- 3.15. Enrolment decisions shall be based on a range of information and other factors, and each case shall be judged on its merits, taking individual circumstances, finances and practical implications into account. An enrolment offer may be withdrawn, regardless of the availability of places, in situations where:
- relevant information is withheld or information provided is found to be inaccurate; or
 - there is a significant change in the circumstances of a family and/or student; or
 - the School determines that it is unable to provide adequate resources, initially and/or for the duration of likely attendance, for the educational needs of a student.
- 3.16. Kindergarten enrolment does not guarantee enrolment into Prep but will be taken into account when prioritising enrolments, as a secondary consideration to criteria outlined elsewhere in this policy.
- 3.17. Families are required to notify the School in writing of their intention to cease the enrolment of a student other than at the completion of Year 12. Where such notice is not provided, families shall be expected to pay one term's fees in lieu of notice, other than with the approval of the Principal or Business Manager in exceptional circumstances.
- 3.18. The School collects personal information, including sensitive information regarding parents, guardians and students, during and subsequent to the enrolment process. The primary purpose of collecting such information is to enable the School to complete the enrolment process and, during the course of enrolment at the School, to provide for the best interests of students.
