## Instrumental Music Program

Drouin and Drouin East

Music lessons are an important part of the overall education we provide students at Chairo. Our aim is to enrich the lives of young people through the passion and love of music and instrumental practice.

Learning an instrument enhances commitment, critical assessment and time management and also improves musical and creative skills. Recent studies suggest that learning an instrument can improve scholastic performance. Creating music gives enjoyment and a sense of achievement to students, boosting their confidence levels.

Whether it's piano, violin, voice, guitar, drums, brass instruments or woodwind instruments, students have an opportunity to discover the joy and benefits of becoming musicians!
